## HOW WILL WE DO THIS:

- “Children First” approach
- High expectations for ALL students
- Learn by doing, discovery, and asking questions
- A designated advisor and advocate in the school for each student
- Focus on students’ academic, emotional, and social needs
- After-school tutoring and interest-based clubs
- Summer Bridge Program
- Parents as partners

**Vision Statement:** The Detroit Institute of Technology will educate scholars from our urban community using a unique blend of rigorous, inquiry-based college prep curriculum and integrated technology so that all scholars become life-long, reflective learners, develop social consciousness, and compete and thrive in a global society.

**We Will Support Your Child**
